

# Tool Memory Game

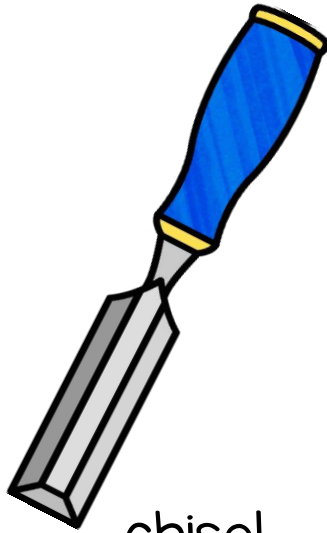

- Print 2 copies of each page onto card stock or glue the pictures onto construction paper so you cannot see the tool pictures through the paper.
- Laminate and cut out all 36 cards (2 of each).
- Place all the cards face down on the table. Turn over 2 cards at a time to see if they match. If the cards are the same the player gets to keep the match.
- Continue to take turns to collect matches until all the cards are gone.
