

# *A Short Guide to a Quiet & Calm Classroom*

- *Volume*

- Speak to students in a whisper voice
- Go to the student or adult you need to speak to
- Students speak at a quiet volume-gesture prompts (raise hand, finger to lips), pictures (lanyard), quiet verbal reminders

- *Conversation*

- Stay on topic
- Use alpha commands
- Only talk to students at your station
- Have students raise their hand to speak

- *Movement*

- Stay at your station, supervise the students at your station
- Limit movement in the room- teachers and students
- Prep materials before the students come to your station
